# OneID® AGE CHECK 18+

Age Check 18+ from OneID® lets your customers confirm their age is over 18 **in seconds,** is free to use and there are no standing or one-off charges.

OneID® provides access to verified data so that you can have absolute certainty that your customer meets your minimum age requirements.

The OneID® solution is **100% digital** with unequalled coverage.  It can verify the age of your customer anywhere in the UK, any time with **circa 50 million UK users** enabled for near instant checks.
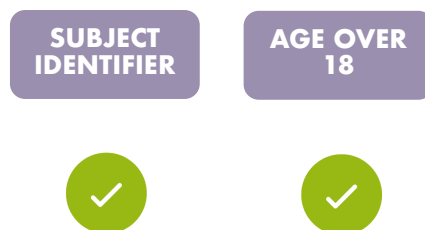

Every transaction is protected by the **most advanced counter-fraud measures.**  Bank-grade authentication, fraud detection and biometric security protects your business from fraudulent activity.

Age Check 18+ is a simple, fast, and secure way of confirming your customer is over the age of 18 years old in real time. It is done by simply asking your customer's bank to confirm they are over 18 using their online banking.

# PRODUCT ATTRIBUTES

OneID® has developed its technology to provide a range of Age Verification products that provide you with real-time information about your customers to meet your needs.

The OneID® Age Check 18+ product allows your customer to confirm they are over 18, quickly, securely and with minimal friction whilst providing you with the confidence that they meet the age requirements for the purchase or service.

# HOW AGE CHECK 18+ WORKS

Confirm your customer meets your minimum age requirements in a simple, secure and fast way.

OneID® facilitates the capture of the required details of your customer (the data subject) and authenticates them in real time.

| YOUR CUSTOMER AGREES TO SHARE DATA WITH OneID® | → | THEY LOG INTO THEIR BANK ACCOUNT USING BANK AUTHENTICATORS | → | BANK SENDS YOUR CUSTOMER'S IDENTITY DETAILS TO YOU |

The data is sent from your customer's bank to you via OneID® with the customer's consent. Only the customer can agree to this as they are the only one who can log in to their account. All bank data, including identity details are secured by the bank using some of the strongest security available.
